THE DEVIL WEARS PRADA 2 TAXI

It appears you're referencing the popular movie "The Devil Wears Prada" and the classic New York City taxi scene. However, you've mentioned "2 Taxi" which doesn't seem to be related to the movie directly.

If you're referring to a sequel to "The Devil Wears Prada," there hasn't been an official announcement for a direct sequel. However, the 2006 movie was based on a novel by Lauren Weisberger, and it's possible that a sequel could be made in the future.

If you're looking for a Taxi-related scene, I believe you might be thinking of the iconic scene in the movie where Andy Sachs (played by Anne Hathaway) takes a taxi ride to her first day at Runway magazine, and she's scolded by Miranda Priestly (played by Meryl Streep) over the phone about wearing a Ugg boot.
